

IPS PAKISTAN in association with Hong Kong Veritas

IRCA REGISTERED

AUDITOR/LEAD AUDITOR COURSE

ISO 27001:2013 – Information Security Management System

IPS INTRODUCTION:

Integrated Professional Services (IPS) is a transformation partner providing wide range of consulting & training services, professional solutions & offerings aiming at enabling the organizations to meet newest business challenges.

COURSE OVERVIEW:

IPS Pakistan offers an International Register of Certificated Auditors (IRCA) approved ISO 27001:2013 ISMS Auditor/Lead Auditor Course (A17518), an intensive and highly-rated 5-days (40 hours') course, in collaboration with Hong Kong Veritas (AO17253), an IRCA-approved training organization. The course comprises of lectures, interactive group and individual workshops, case studies, role play exercises, giving touches of real time scenarios. Continuous Assessment and examination measure the success rate.

TARGET AUDIENCE:

CEO's, Directors, IT/IS Managers/Professionals, ISMS/Network Managers/Executives/Administrators, Potential ITSMS/ISMS 3rd-party Auditors, ISMS Management Representatives, Line/Support function personnel and the personnel who wish to excel in the field of Information Security Management System and/or auditing.

COURSE TUTOR (s):

Approved and renowned tutor(s) with a diversified professional experience and training portfolio of structured training programs.

COURSE OBJECTIVES:

- Describe the purpose of an ISMS and explain the processes involved in establishing, implementing, operating, monitoring, reviewing an ISMS as defined in ISO 27001, including the significance of these for ISMS auditors.
- Explain purpose, content and interrelationship of ISO 27001:2013, ISO 13335 part I & II (MICTS), ISO/TR 18044:2004, ISO 27006:2011 and legislative framework related to an ISMS.
- Explain the role of an auditor to plan, conduct, report and follow up an ISMS audit in accordance with ISO 19011
- Plan, conduct, report and follow-up an audit in accordance with ISO 19011 and by interpreting ISO 27001:2013

METHODOLOGY:

There is a balance between knowledge-based presentation, discussions, exercises and case studies. About two third of the time is spent on activity based learning. A mock examination paper will be discussed throughout the course to help students to be familiar with the style of the examination.

PREREQUISITE:

Students are expected to have some background of the Information Security Management System, IT/IS controls and/or ISO 27001 before they start this course.

WHY GO FOR IPS ?

We are a team comprising of highly competent and widely-recognized system tutors, assessors, learning facilitators and technical expertise having an experience of more than 100 years of result-oriented learning and development programs for all levels and roles of organizations, IPS not only facilitates the companies to develop your valuable human resources but also helps the trainees to actually apply the knowledge they have learnt and skills they have developed so that specific training objectives are efficiently met.
